

# UAZ HUNTER

## JUNGLE EDITION

UAZ proudly presents **UAZ Hunter Jungle Edition** that is designed specially for driving in roughest terrain. This robust four-wheel drive vehicle is an excellent off-roader tested in extreme conditions of high altitudes, ice and mud, rocks and sands. The iconic UAZ-469 – predecessor of Hunter – participated in a legendary rescue expedition to Elbrus, the highest mountain of Europe. Many vehicles can go off-road but few people will truly understand benefits of our special package that is dedicated to overcome any obstacles during your journeys through jungles and deserts. Nevertheless we think the experts will appreciate it:
